**CAEDA Higher Education Committee Congratulates Casper College**

*Casper, WY* - The CAEDA Higher Education Committee would like to congratulate the Casper College Board of Trustees, the instructors, the administration and the staff of Casper College for being recognized recently as the 25<sup>th</sup> best community college in the nation, according to a national rating company (StateUniversity.com). They received this honor after a statistical analysis and comparison with approximately 1,100 U.S. community colleges across the country.

CAEDA's Higher Education Committee's goal is to enhance the opportunities for our local citizens to obtain higher education degrees beyond the traditional associate degree program, while being able to stay in Casper to obtain them. Casper College's ranking clearly demonstrates the value of Casper College to our community. "As our Committee works with Casper College and the University of Wyoming leadership to identify and expand educational opportunities, we pledge to be ever-mindful of the excellent educational foundation, which has been created at our diamond on the hill" said Jim Porter, Chairman of the CAEDA Higher Education Committee.

The entire organization should be very proud of their accomplishment in filling a vital role in our community.
